

10/691,264
Supplemental Amendment

REMARKS

Further to the response filed herein on or about August 31, 2007, and pursuant to the Examiner's telephone conference with the undersigned on 27 September 2007, Applicant herewith submits an amendment to the specification which will clarify the meaning of the term "frangible bond" as used throughout the application. As discussed with the Examiner, this amendment would not constitute new matter.

The Examiner's courtesy in calling Applicant's counsel to discuss this matter is appreciated. Applicant will now await the examination on the merits.

Respectfully submitted,

Harry G. Weissenberger
